PRODUCT BROCHURE 2026

Company Profile

Industrial automation, barcode & AIDC systems and business software —
engineered and supported from Chennai.

Who we are

EDMS Tech Solution is a Chennai-based technology company delivering industrial automation, barcode & AIDC systems and business software to manufacturers, warehouses, retailers and hospitality businesses across India. We started as a software development house and grew into an integrator that connects software to the shop floor — printing the barcode, scanning it at the gate, reading it on the line and controlling the machine that made it.
